

GLOBEVILLE BRANCH LIBRARY CONSTRUCTION

PROJECT BACKGROUND

Created with input from the Globeville neighborhood and adopted in 2015, the Globeville Neighborhood Plan identifies a need for library services in the Globeville neighborhood. A 2017 Facilities Master Plan developed by Denver Public Library further identified Globeville as a neighborhood needing library services. This project will design and build an accessible, modern facility in Globeville. The new library will be a vibrant, active, educational and cultural community center offering valuable resources and services for the neighborhood.

PROJECT INFORMATION

Location: TBD in Globeville

District: 9

Neighborhood: Globeville

RISE Denver Funded Amount: \$12 million

Designer: TBD

Contractor: TBD

ECONOMIC BENEFITS

Approximately 159 jobs (created and continued)
