COMMUNITY INPUT REQUEST

THE COMMUNITY WAS ASKED,
“what features or experiences are most important to you in creating a welcoming and enjoyable environment”

In November 2024, the project team launched the second phase of public engagement to gather community input on features and experiences most important in creating a welcoming and enjoyable environment at the new facility. Community members were asked about their preferences for new pool features, with planned updates including a lap pool, leisure pool, expanded play areas, and a new bathhouse to replace the existing one.

VERIFICATION OF SURVEY RESPONSE INTEGRITY

Verification of the online survey responses have been thoroughly vetted by IP addresses to ensure that no individuals submitted multiple surveys from the same computer. Each response was tracked using a unique Submission ID, resulting in a total of **134 recorded survey submissions**. The data is consistent with this count, although some variations may occur due to multi-selection options or score/ranking questions.

SITE COLORS

HELP US CHOOSE THE PERFECT COLOR SCHEME FOR OUR NEW FACILITY

We asked the community for input in selecting a color scheme that reflects the spirit and atmosphere of our community. Whether you're drawn to calming tones, vibrant hues, or a design that connects with the local neighborhood, the community preferences will guide the overall look and feel of the space. The following page highlights the results received about the site color options.

SITE COLORS

NEUTRAL COLOR SCHEME

Soft, natural tones for a calm and balanced look.

COOL AND CALM COLORS SCHEME

Soft shades of blues and greens inspired by nature, creating a relaxing, serene atmosphere.

BRIGHT COLOR SCHEME

Vibrant colors for a lively, energetic feel (includes variations of bright tones).

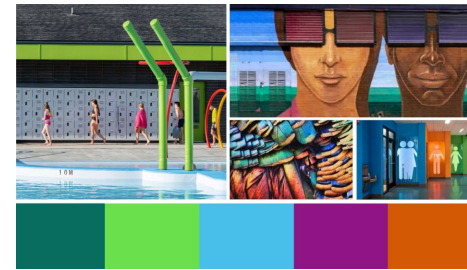

BLUE COLORS SCHEME

A range of soothing blues that evoke feelings of tranquility and calm, reminiscent of clear skies and serene waters, creating a refreshing and inviting environment.

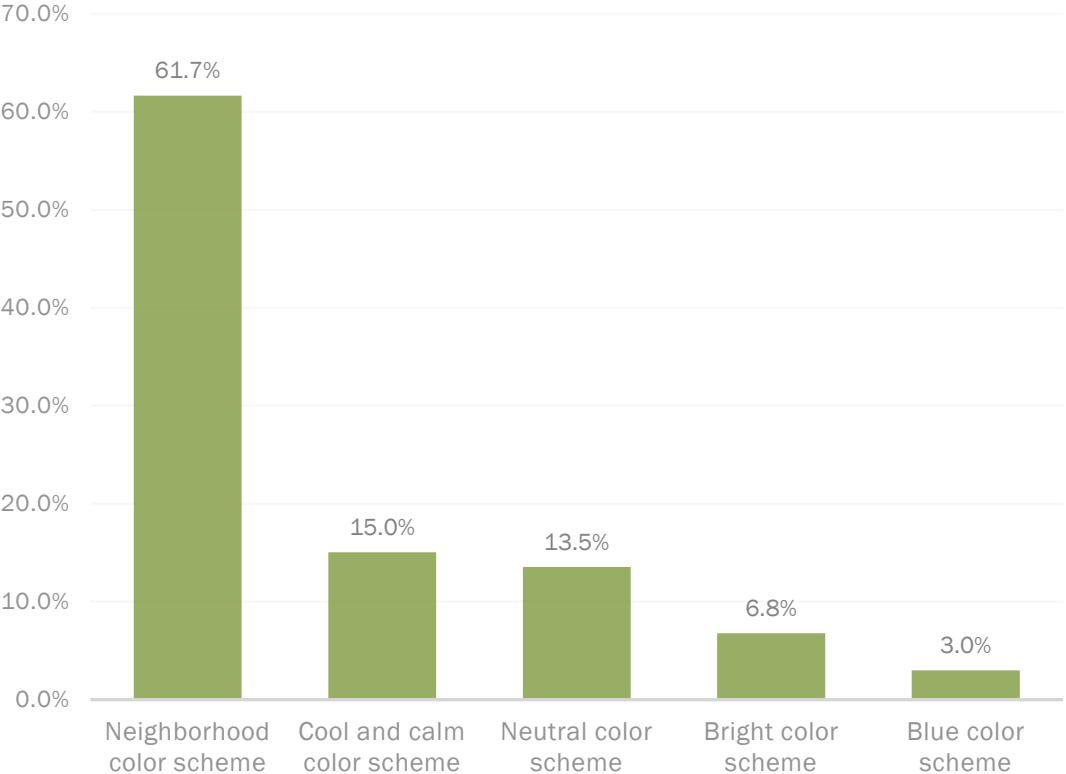

NEIGHBORHOOD COLOR SCHEME

Inspired by local murals and neighborhood elements for a community-inspired theme.

SURVEY QUESTION 03

WHICH COLOR SCHEME OR INSPIRATION WOULD YOU PREFER FOR THE NEW FACILITY DESIGN?

BATHHOUSE ARCHITECTURE

SHARE YOUR VISION FOR THE NEW BATHHOUSE DESIGN

We invited the community to help shape the architectural style of our new bathhouse. The community preferences play a key role in determining how the space will look and feel. Whether you envision a sleek modern structure or a more timeless, classical design, your feedback will ensure the bathhouse reflects both the functionality and aesthetic that best suits our community.

The following page highlights the results received about the bathhouse options.

BATHHOUSE ARCHITECTURE

MODERN STYLE

Modern style focuses on function. This style is marked by clean lines, minimal ornamentation, and sturdy materials.

CLASSIC STYLE

The Classical Style focuses on symmetry, strong materials, and pitched roofs.

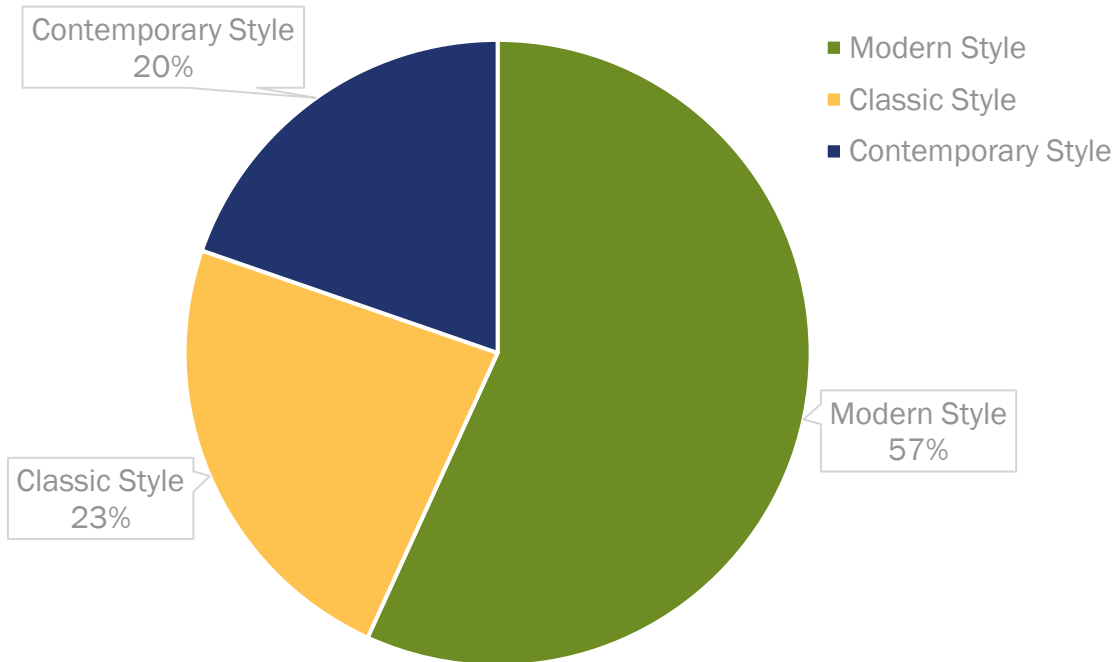

CONTEMPORARY STYLE

A dynamic and evolving style that combines the trends of today. This style has come to focus on adaptability and sustainability.
