

Kearney St/Krameria St Concept Survey Results

FROM SMITH RD TO VIRGINIA AVE

Concept surveys for the northern and southern segments of the **Kearney St/Krameria St** Bikeway project were distributed from **April to June 2021**. The surveys asked respondents to react to proposed changes along the corridor and provide additional feedback to the Project Team. This sheet summarizes the results of the **Kearney St/Krameria St** Bikeway surveys.

Northern Segment: Smith Rd to 13th Ave

25 Number of Survey Responses

8 Survey Comments

What did Survey Participants Say?

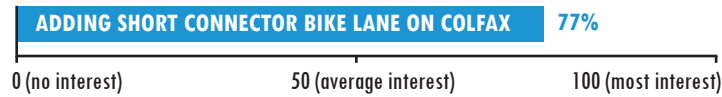

Survey respondents were asked to provide feedback on **locations where they would like improvements** to slow vehicle speeds, reduce traffic volumes, and create safe and comfortable crossings along the **Kearney St/Krameria St** Bikeway. The results are summarized below:

Top locations respondents would like to see **intersection crossing improvements**:

- 1) MLK Blvd
- 2) 17th Ave
- 3) 26th Ave

72% of respondents believe that the Kearney St/Krameria St project will significantly or somewhat improve conditions for roadway users.

Survey respondents indicated their level of interest in **adding a bike lane** on a small segment of Colfax Ave to route people biking between Kearney St on the north side of Colfax Ave and Krameria St on the south side of Colfax Ave. The average level of interest was **77** (on a scale of 1 – 100).

Southern Segment: 13th Ave to Virginia Ave

9 Number of Survey Responses

7 Survey Comments

What did Survey Participants Say?
