

WHAT'S THE DIFFERENCE BETWEEN A SWEEP AND AN ENCAMPMENT RESOLUTION?

SWEEP

- Breaks up encampments by removing residents from one area, only for them to remain on the street
- No one moved indoors
- Same health and safety concerns likely to persist
- People still living in tents, on sidewalks and tree lawns
- Enforcement with lesser extent of outreach

ENCAMPMENT RESOLUTION

- Effort begins with outreach
- People brought indoors to shelter/housing
- Encampments permanently closed
- Streets cleared for public use
- People connected to wraparound services
- Completely new approach to homelessness in Denver
