Garland & Saratoga Park, is a neighborhood level park located in the Marston neighborhood. This beloved park has an outdated irrigation system, several inaccessible walks and one of the oldest playgrounds in our system. The goal of this maintenance project is to replace the playground, irrigation system and as many existing asphalt walks as possible. All of these improvements will increase access to the picnic areas, playground and walks throughout the park.

As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

**Budget**

$1,545,000

Funding sources include:
- Elevate Bond
- DPR Capital Funds
