DUMPSTER & CONTAINER INFORMATION SHEET

Permitting process for containers (roll-offs, dumpsters, and other types of containers) placed in the public right-of-way during construction or demolition. For more information see website.

A Right-of-Way Revocable Street Occupancy Permit is required:

- Prior to placement of any container within the right-of-way.
- Must be obtained by dumpster/container company placing the container.
- Permit must be visible on property.
- Permit must define and specify start and end dates.

Submittal Process:

- Right-of-Way Revocable Street Occupancy Permit must be obtained by the dumpster/container company from DOTI Permit Operations.
- A company must have a ROW Dumpster License number assigned prior to applying for a Revocable Street Occupancy Permit for a dumpster or container.
- Application must be uploaded with applicable Traffic Control Plans online via [e-Permits](#).
- Allow 5 business days for permit processing.
- Issues that may increase permit review time include:
 - Incomplete or unclear applications
 - Placement that does not meet the required sight distance criteria set by the American Association of State Highway and Transportation Officials (AASHTO) or the classification of the right-of-way.
- Parking Meters must be identified on applications when applicable.

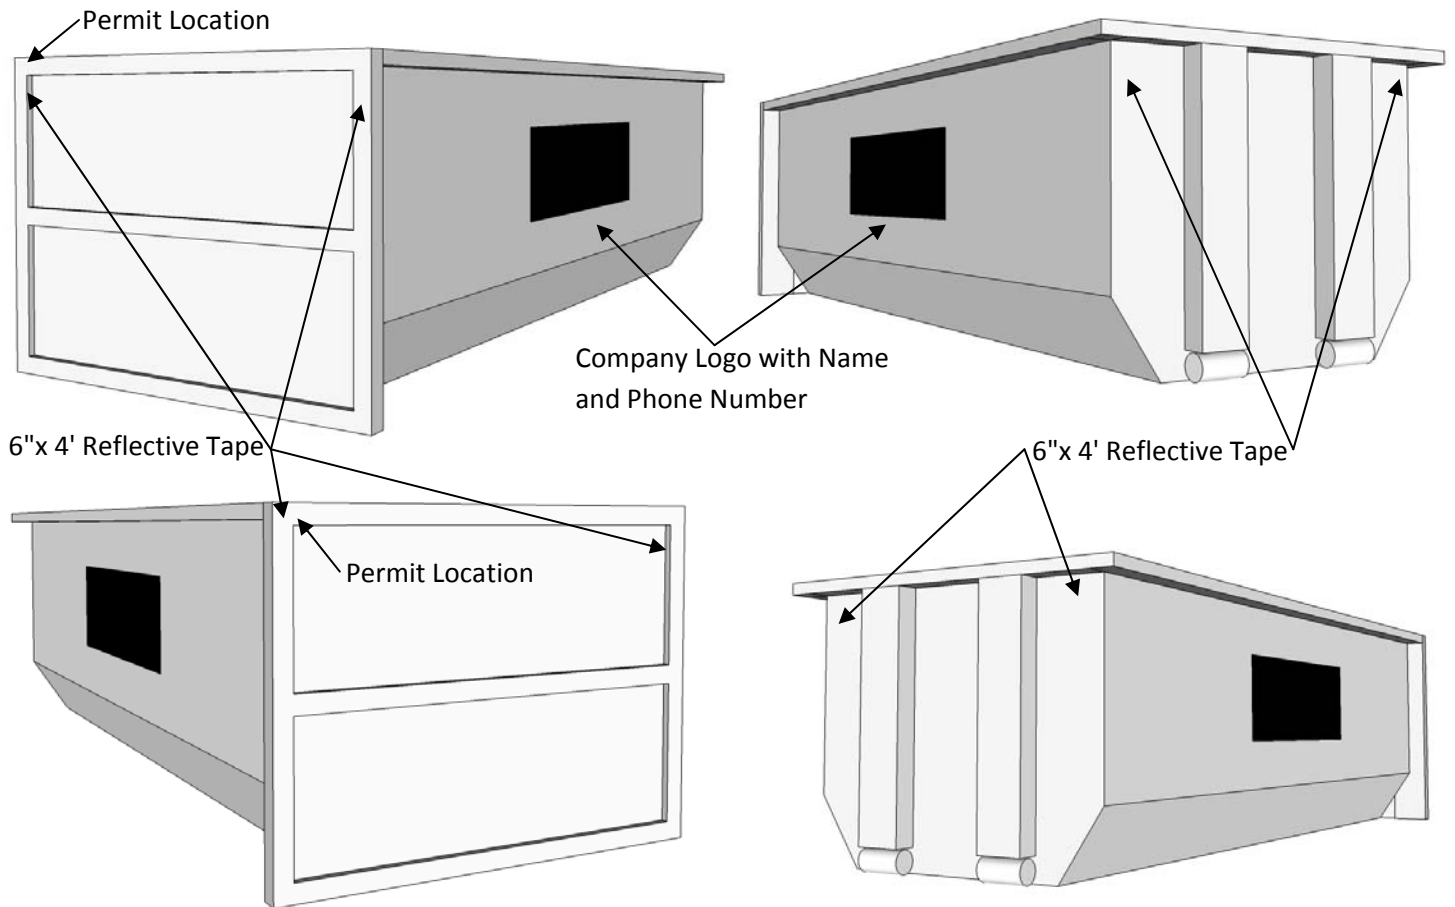

Additional Information - Dumpsters/Containers:

- All dumpsters/containers placed within the right-of-way are subject to inspection by City Inspectors.
- The container must be equipped with either a minimum 6-inch wide by 4-foot long strip of reflective tape placed vertically on each corner or four vertical panel barricades with flashing lights placed on the street side of the container (with barricades positioned at each end and evenly spaced in the center).
- Containers may be placed in the public right-of-way for a maximum of 180 days within a 12-month period.

Placement:

- Containers must be placed within a parking lane and positioned at least 20 feet away from any corner, alley, or entrance. Under no circumstance may a container occupy or obstruct a sidewalk, tree lawn, travel lane, no-parking zone, temporary loading zone, or alley.
- Each RSOP allows for up to 40 linear feet of parking lane and permits no more than 2 dumpsters or containers per application.
- If a dumpster or container requires metered parking spaces, the application must include a request for two parking meters.
- Dumpsters and containers may be placed in the public right-of-way for a maximum of 180 days within a 12-month period.

Considerations:	<ul style="list-style-type: none"> The transfer of permit is not allowed. No replacement will be issued for lost, vandalized, or stolen permits.
Fees:	Dumpster & Container Permit Fees can be found here . Non-Standard Fees can be found here .
Other Considerations:	<p>A PERMIT IS REQUIRED FOR ANY PLACEMENT IN THE RIGHT-OF-WAY. THIS REQUIREMENT DOES NOT APPLY TO TRAILERS OR ITEMS WITH WHEELS AND A LICENSE PLATE. INSTEAD OF AN ANNUAL PERMIT, A REVOCABLE STREET OCCUPANCY/METER PERMIT MAY BE ISSUED AT STANDARD PRICING.</p> <p>This Revocable Permit is granted by the Mayor or their designee, applicant will be required to comply with all provisions in accordance with the Use and Occupancy of the Public Right-of-Way set forth by the Chapters 49 and 54 of the City of Denver Municipal Code, including evidence of current liability insurance in the name of the licensee with the City of Denver also named as an insured. Applicant must agree to be responsible for any and all damages to property or injury to persons arising out of the exercise the permit or the construction, installation or maintenance of any device or structure. Applicant must agree to indemnify and save harmless the City, its Enterprises and all its officers, agents and employees from all suits, action or claims of any type brought for or on account of any injuries or damages received or sustained by any person or property related to the exercise of the permit, any act or omission of the permittee, the permittee's agents or employees, or the failure of the permittee to maintain the structure or device or to provide necessary safety devices. Applicant will agree to defend against any suit, action, or claim and pay any judgement with costs, which may be obtained against the City, its Enterprises, its officers, employees or agents growing out of the injury or damage. Applicant will agree to maintain the permitted facilities throughout their operation and to provide location information of the permitted facilities as may be needed for future improvements. Any location that becomes unsafe or unstable due to construction or safety concerns will be temporarily suspended and a provisional site will be assigned until the original site is again usable.</p> <p>The Public Property Occupancy Permit is a revocable permit and can be revoked without cause at the discretion of the Manager of The Department of Transportation & Infrastructure or designee.</p>

Application for Right-of-Way Revocable Street Occupancy Permit

Please upload applications to e-Permits using this [link](#).

- A Revocable Street Occupancy Permit must be obtained prior to placing any item in the right-of-way.
- The permit must be visible on the property.
- The dumpster or container owner's name and contact information must be clearly visible on the item.
- Applicants should allow 5 days for permit processing. Issues that may extend the review time include incomplete or unclear applications and Traffic Control Plans, placement not meeting the required sight distance criteria defined by the American Association of State Highway and Transportation Officials (AASHTO), and/or the classification of the right-of-way.
- The dumpster or container must be at least 20 feet from any corner, alley, or entrance and fit within the parking lane.
- Applicants must be registered with Denver DOTI Contractor Licensing for the appropriate right-of-way license before applying for an RSOP for a dumpster or container.
- The dumpster or container must have a minimum of 6-inch wide by 4-feet long strip of reflective tape placed vertically on each corner or four vertical panel barricades with flashing lights on the street side of the container.
- A dumpster or container cannot be placed in the right-of-way for more than 180 days within any consecutive 12-month period.
