*As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

Brief project description

The Martinez Park master plan was completed in January 2021. The next phase, including the final design and construction of Phase 1A, will include new and exciting amenities that support active recreation and play. This will be the first phase of a multi-phase project that will revitalize the park, honoring and celebrating the history of Martinez Park. The next phase will be funded by Denver Parks & Recreation's Capital Improvement and Legacy funds.
