Encroachment is for level 2 dual port EV charger installed along curb to provide EV charging to cars parking in the street. (1) dual port EV charger.

## Reason for Private Improvements in the Public ROW:

*Private improvements should be located on private property. Only in cases where there are physical constraints that preclude the placement of private improvements on private property that an encroachment may be considered within the right-of-way. Make your case as to why this is a good use of the public right-of-way.*

This improvement is necessary to provide charging to community members who are using the library and nearby recreation center, without crowding the existing parking lots.

# ATTESTATION:

***By submitting this permit application and signing below, I understand and agree to the following:***

1. That I am the property owner adjacent to the Encroachment Area, or the authorized representative of a Special District, that is responsible for the placement, maintenance, repair, replacement, removal, site restoration, ownership, or is otherwise responsible for the Encroachment in accordance with the Rules & Regulations for Encroachments and Encumbrances in the Public Right-of-Way.
2. That it is the City's sole discretion to classify the Tier of an Encroachment and whether to grant an Encroachment Permit based on any facts the City feels are relevant. The issuance of an Encroachment Permit confers no rights to the Right-of-Way, the Encroachment Permit is revocable and DOTI can order the removal of the Encroachment and restoration of the Encroachment Area for any reason the City feels relevant.
3. Permittee agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to an Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
4. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
5. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of $1,000,000 for each occurrence, $1,000,000 for each personal and advertising injury claim, $2,000,000 products and completed operations aggregate, and $2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of $1,000,000 for each occurrence, $1,000,000 for each personal and advertising injury claim, $2,000,000 products and completed operations aggregate, and $5,000,000 policy aggregate.
